

Golden Gate University School of Law

Class of 2014 Employment Summary

Report Prepared October 2015

Each year, GGU School of Law compiles information on the employment status of our recent graduates nine months after graduation. For the Class of 2014, we received information regarding 99.45% of the class (182 out of 183 graduates).

While this data may be helpful in understanding general employment trends, the information does not provide the full picture of the experience of our graduates or predict future employment outcomes.

We encourage you to contact GGU Law Career Development. Our career advisors are eager to tell you about the unique services and resources we provide to our students and alumni to support them in their successful transition from law school to law practice.
