# Message from the President

Dear Golden Gate University Graduates,

Class of 2026! For 125 years, Golden Gate University has opened doors to those seeking opportunity, advancement, and purpose.

Today, we celebrate the Class of 2026 and the determination that brought each graduate to this moment. You balanced demanding careers, family responsibilities, and community commitments while pursuing your degrees. This achievement reflects not only academic success, but discipline, resilience, and vision.

Many of you chose GGU because we offer programs that work for working professionals. As graduates, each of you is an inspiration to our mission. You are proof of the power of higher education done differently. You motivate us to continue reimagining professional education for a new era and expanding our global reach and impact.

The world is evolving quickly. You are one of the first classes to graduate amidst widespread AI adoption. You are at the vanguard of this new era, and the GGU community will be here for you as you navigate it. You now join a global community of over 73,000 GGU alumni whose stories began just like yours. This extended family is here to support you, and we are excited to watch as you write the next chapter in GGU's legacy.

Congratulations, once again, on this remarkable achievement.

With confidence in all you will accomplish,  
Brent White  
**President**  
**Golden Gate University**

# Message from the Board Chair

Dear Class of 2026,

On behalf of the Board of Trustees of Golden Gate University, it is my great honor to congratulate you on reaching this extraordinary milestone.

Your graduation comes at a moment of profound transformation, not just for you personally, but for Golden Gate University and the world around us. As a Board, we have the privilege of stewarding an institution whose founding story still guides us. GGU began as a literary reading group in the San Francisco Central YMCA, at a time when only one in two thousand men had a college education. From that modest start grew a university built on a simple conviction: that talent is universal, even when opportunity is not. That conviction drives every decision we make today.

Today, GGU serves students across the globe: working professionals on every continent who are earning degrees on their own terms. The Board is proud to invest in a university that doesn't just talk about global impact, but delivers it. Your class is proof of that reach, and of the enduring power of education to transform lives across borders.

I can speak to this personally. I earned my MBA from GGU in 1981, and the education I received here shaped the trajectory of my career. Decades later, I still draw on what I learned. That is the mark of a GGU degree. It compounds over time. I am confident yours will do the same.

As you step forward, carry with you the values of resilience, curiosity, and service that have defined your time at GGU. Continue to challenge conventions, remain a lifelong learner, and know that Golden Gate University will always be your home.

Congratulations, Class of 2026. We cannot wait to see how you make your mark.

With pride and best wishes,  
Melinda A. Dunn, MBA '81  
**Chair, Board of Trustees**  
**GGU Board of Trustees**

# Introduction

Golden Gate University, a private nonprofit university, has been helping adults achieve their professional goals by providing undergraduate and graduate education in accounting, law, taxation, business, and related areas since 1901.

GGU traces its origins to an evening lecture series started by the San Francisco YMCA during the California Gold Rush.

The first degree-conferring program of the university started in 1901, with the formation of California's first evening law school. By offering classes at night, Golden Gate University made legal studies available to the working adult.

Today, Golden Gate University is a leader in graduate and undergraduate education in law, accounting, taxation, business and related professions. As always, GGU emphasizes hands-on learning taught primarily by professionals practicing in the field or with substantial professional experience.

During its long and often colorful history, GGU has consistently been a pacesetter:

- Opened the first night school in San Francisco. Initially begun in the mid-1850's, it became the YMCA Night School (1881), the YMCA Evening College (1894), Golden Gate College (1923), and finally Golden Gate University (1972).
- Started the first evening law school in California (1901), which was the third law school to open in Northern California.
- Survived two major earthquakes, the 1906 quake that destroyed its building, and the 1989 Loma Prieta, which caused extensive damage to the east wing of the main campus in San Francisco.
- Began the West Coast's first four-year accounting program (1908). Golden Gate University counts among its alumni several winners of the Elijah Sells award for outstanding performance on the national CPA exam.
- Initiated Northern California's first evening program for students seeking an MBA degree (1950).
- Offered the first evening program in the Bay Area for students seeking the master of public administration degree.
- Was a leader in bringing the case-study method of instruction and the scholar/practitioner concept to the classroom, which is now widely used in business schools throughout the world.
- One of the top degree-conferring institutions for graduate-level degrees in taxation.
- Innovated military base programs from the 1960s through the 1990s - a spirit that continues today in the programs offered to our veterans and active duty students with online degree programs and participation in the Yellow Ribbon Program.

# Academic Costume

The origins of academic dress date back to the 12th and 13th centuries, when universities were taking form. Students and teachers wore long gowns and hoods for protection against the cold of unheated buildings. During the 14th century, Oxford and Cambridge prescribed a definite academic dress. The European universities followed; however, their academic dress had a great diversity of specification and color. American colleges and universities opted for a definite system for all institutions to use. In 1895, representatives of American schools codified standards for academic dress with the establishment of the Intercollegiate Dress Code.

**THE GOWN:** The flowing gown comes from the twelfth century. Traditionally it is black for all degrees. The bachelor's gown is relatively simple, with long, pleated front panels, and intricate shirring across the shoulders and back. The gown is worn closed and distinguished by its long, pointed sleeves. The master's gown is also relatively simple. It has a very long sleeve, oblong in shape, with an arc cut out of the bottom of the front. The gown may be worn open or closed. Gowns for doctoral degrees may also be worn opened or closed. The sleeves are bell shaped and carry five-inch-wide velvet panels all the way to the bottom of the garment. Three horizontal velvet bars are stitched on the upper arm of the sleeves. This velvet trimming may be either black or the color distinctive of the academic discipline to which the degree refers.

**THE CAP:** When Roman law freed slaves, they won the privilege of wearing a cap. The academic cap is a sign of freedom of scholarship and the responsibility and dignity with which scholarship endows the wearer. Old poetry records the cap of scholarship as square to symbolize the book. The cap worn almost universally in academic processions is the Oxford cap, better known as the mortarboard. The tassel may either be black or reflect the scholarly subject, although only doctoral degree recipients may have gold thread. A different style cap, the Cambridge cap, resembles a large beret also known as a tam.

**THE HOOD:** The hood is the most distinguishing feature of all academic costumes. Originally, it seems to have had three uses: As a head covering, as a shoulder cape, or, when hung from the shoulder, as a bag in which alms could be collected. The size and shape of the American hood marks the college degree of the wearer. The hood's outside is bordered with velvet of the proper width to indicate the degree and the proper color to indicate the department or field of study. The shape of master's hood and doctoral hood is similar, the former being three and one-half feet in length and the latter four feet. The respective widths of the velvet borders are three inches for the master's and five inches for the doctoral hoods. The covered lining inside the hood is the official color of the institution conferring the degree. Thus, the lining for the GGU hood is blue.

# Colors

For all academic purposes, the colors associated with the different disciplines are as follows.

Master of Arts .....	White
Doctor or Master of Business Administration .....	Tan
Executive Master of Public Administration .....	Peacock Blue
Master of Accountancy or Master of Science .....	Golden Yellow
Doctor of Jurisprudence, Master of Laws or Master of Law Studies .....	Purple

# Honors at Graduation

Honors are awarded to associate, bachelor's, master's, and doctoral degree graduates who have maintained cumulative grade point averages in their Golden Gate University degrees.\*

The San Francisco War Memorial acknowledges that we are on the unceded ancestral homeland of the Ramaytush Ohlone who are the original inhabitants of the San Francisco Peninsula. As guests, we recognize that we benefit from living and working on their traditional homeland. We wish to pay our respects by acknowledging the ancestors, elders and relatives of the Ramaytush Community and by affirming their sovereign rights as First Peoples.
