Computer Budget Increase Request 2026-2027

The purchase of a new computer is considered a legitimate educational expense that is not factored into the standard Cost of Attendance (COA). If the cost of the computer exceeds the COA, a student may request an increase in their loan eligibility. The loan increase is permitted as a **one-time** adjustment during your tenure at Golden Gate University. An increase in COA does not guarantee approval of loan funds by the lender.

The increase may reflect the actual cost of the computer and approved accessories up to \$2000.00. Funding is not made in advance of the purchase; students are reimbursed. Computer purchases must be made during the current school year, no sooner than the first day of classes for the semester in which you are requesting the budget increase. To request an increase, submit this form and a copy of your receipt(s) no sooner than the first day of classes but no later than December 1, 2026 for fall term, April 1, 2027 for spring term, and August 1, 2027 for summer term.

Loan Approval

By signing this form, I acknowledge my understanding of and agreement to:

☐

I wish to have my Grad PLUS loan increased by the amount listed above + the loan origination fee. I understand that a new credit check may be required/completed and that my request is subject to credit approval. By requesting a PLUS loan, I am authorizing DOE to run a credit check for final approval. Specific credit information is not released to the FAO.

☐

I have requested an additional loan through my private lender and wish to have the above amount certified by GGU.
